

PARTSOURCE®

Flat-Rate Depot Repair Service

Equipment repaired right and returned fast at a flat-rate price

Equipment repaired right

Our carefully selected network of certified experts delivers quality you can trust, ensuring your equipment is repaired right the first time. By finding the best technician for the job and as an ISO certified service partner, we are accountable for meeting the high-quality standards you'd expect. Only PartsSource provides a hassle-free warranty and peace of mind from knowing your entire device is covered for 6 or 12-months after it is returned.

Repairs returned fast

The PartsSource Flat-Rate Depot Repair Service is designed to save time every step of the way. In under 60 seconds, you can order expert repair service for hundreds of modalities and models with the PartsSource platform. 85% of PartsSource Depot Repairs are complete in 1 week or less, giving you confidence from knowing your equipment will be returned fast. Real-time tracking means you never need to follow up or waste valuable time seeking updates.

Budget-friendly flat-rate pricing

PartsSource flat-rate pricing makes saving on repairs simple, with no hidden fees or complicated tiers. Our budget-friendly flat rates deliver up to 30% cost-savings compared to OEM pricing on hundreds of models. Capture significant savings when you make PartsSource your go-to partner for all your depot repair needs.

"The tools that PartsSource provides has opened up some doors, in particular since we have 24/7 shifts. When we do have a problem outside of normal business hours, PartsSource is available and allows our team to continue moving forward on repairs."

Rodger Abbott,
Biomed Manager, Cincinnati
Children's Hospital
